

SAUMAY KILLA

New York | +1-516-968-1066 | saumaykilla@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, Python, C, C++, SQL
- **Frontend:** React.js, Next.js, Zustand, Tailwind CSS, HTML5, CSS3, Responsive Design, Accessibility (WCAG), Cross-browser Compatibility
- **Backend:** Node.js, Express.js, Flask, FastAPI, RESTful APIs, Server-Side Rendering (SSR)
- **Database:** PostgreSQL, MySQL, MongoDB, Supabase
- **DevOps & Cloud:** AWS (Lambda, EC2, S3, Amplify), Docker, CI/CD (GitHub Actions)
- **AI & Automation:** LangChain, OpenAI API, Web Scraping (Playwright), Data Pipelines, AI Integrations
- **Tools & Collaboration:** Git, GitHub, Jira, Figma, Notion, Postman, VS Code

WORK EXPERIENCE

Humainority

Aug 2024 - Present

Founding Engineer

New York, United States

- Led the end-to-end development of a scalable web platform from concept to launch, defining system architecture, database design, and overall tech roadmap.
- Built the **frontend using React and TypeScript**, delivering a fast, intuitive, and responsive user experience
- Designed and deployed a **serverless architecture on AWS** using Lambda, reducing infrastructure management effort by 40%.
- Developed **Python-based backend services** for data processing and API integration, ensuring secure and efficient data flow.
- Implemented a **custom CI/CD pipeline** using Github Actions to automate builds, testing, and deployment, cutting release time by over 60%.

Wiz Freight

Apr 2022 - Jul 2023

Software Developer

Chennai, India

- Translated **Figma designs into modular React components**, improving user engagement and experience.
- Built and optimized the **landing page**, increasing page load speed by 40% and driving stronger user engagement.
- Delivered a fully responsive UI using **Tailwind CSS**, enhancing accessibility and mobile usability across all devices.
- Optimized **API integration and Redux state management** to eliminate redundant calls, improving UI responsiveness and ensuring seamless data sharing between components.
- Collaborated in **Agile sprint cycles**, contributing to faster feature delivery and smoother cross-team coordination.
- Authored **comprehensive component documentation**, streamlining future updates and reducing onboarding time for new developers.

HighRadius

Aug 2021 - Mar 2022

Machine Learning Intern

PAN India

- **Trained machine learning models** to predict invoice clearance dates with more accuracy, improving payment forecasting for finance teams.
- **Automated client-specific Excel file creation**, reducing manual data processing time by approximately 40%.
- **Identified key data features** influencing payment behavior, leading to improving the model accuracy.
- **Collaborated with data engineers** to optimize and streamline data pipelines, enhancing overall model efficiency and reliability.

PROJECTS

Live Ticker Price Tracking

- Built a **real-time trading ticker** that extracts and displays live stock prices using **Playwright** for web scraping.
- Developed the **frontend with Next.js** and the **backend with Node.js**, enabling seamless and responsive live updates.

AI-Powered Sales Order PDF Extractor

- Created an **AI-based tool** to extract structured data from unstructured **PDF sales orders**, reducing manual entry time by **90%** and improving data accuracy by **25%**.

AI-Powered Segment Analysis Engine

- Developed a **prompt-driven insight engine** that generates business reports based on product, customer, and strategy inputs.
- Enabled teams to produce actionable insights **5x faster**, significantly improving strategic decision-making efficiency.

EDUCATION

New York University

Aug 2023 - May 2025

Masters, Management & Systems

- **GPA:** 3.69
- **Key Coursework:** Quantitative Analysis, Database Design, Data Visualization, Web Technologies, Project Management

SRM Institute of Science & Technology

Jun 2018 - May 2022

Bachelors, Computer Science

- **GPA:** 3.96
- **Key Coursework:** Algorithms, Data Structures, Object-Oriented Design, Database Systems, Machine Learning
